

Beyond Infinity Success Strategy

How To Earn \$2,000 Per Week

With The Infinity Plan!

DISCLAIMER

Beyond Infinity is a one-level affiliate platform in the Referral Marketing arena. We are not a Network Marketing company or an MLM. When you become an affiliate member, you are NOT an employee of the company. You are an independent affiliate. Beyond Infinity is not an investment company and we are not Traders, and our members are not investors. The company does have its own private investments and they are sharing their personal profits with the members as Profit Share Earnings in Beyond Infinity Gold (BIG). The company makes a great deal more in profits than what they are sharing with the members, in BIG.

As to the marketing campaign contributions that are made and will provide a brand-new car for each contributor in approx. 1 year, we use those contributions for our upfront marketing costs, including our BIG Ambassador Rewards. And we take the bulk of those contributions and put them into our private investments to allow them to grow to the point of being able to purchase a new vehicle for every contributor. However, when a member makes a contribution through our BIG Auto Club, those contributions become the property of Beyond Infinity. Therefore, we are not investing for the members, but we are investing for the company. And when you can invest larger amounts of money, over smaller amounts, the profits are much greater. And this is how we will purchase the new vehicles.

How to Earn \$2,000 Per Week From The Infinity Plan

This strategy considers that you are a paid member, and you have a desire to share Beyond Infinity with others. It also takes into consideration that you are at least familiar with the Beyond Infinity Compensation Plan and are familiar with the terms used. If not, please view our Compensation Plan video first, so this strategy will make more sense to you: <https://vimeo.com/849737737>

As you will find below, this strategy is only leading you towards earning \$2,000 from the Infinity Plan. However, in addition to earning \$2,000, or more, per week, from the Infinity Plan, you will also be earning instant \$40 commission payments, payments made to your HPLs, and bonuses in your BIG account.

To begin the process, we will start with personally referring just 3 new members and helping them to personally refer 3 new members, each. This will give you 2 generations (levels) and is the foundation from which you will build. Once this has been accomplished, this process should be repeated for any new personal referrals and for each new generation added.

Beyond Infinity Income Strategy Disclaimer

This strategy is just one of many and is based on the projected income from the Beyond Infinity calculator in your back office. The calculator is for illustrative purposes only and is **NOT** a guarantee or indication of your potential financial success. The calculator is just a tool to set, work towards, and achieve your goals.

The projections that are part of this particular strategy are not set in stone and are not a guarantee. Any income earned will be based on your efforts and the efforts of your team. This is merely a road map and like all maps, there are alternative routes.

STEP by STEP Instructions

Step 1. Personally enroll or P.I.F. 3 new members.

You can P.I.F. (Pay It Forward) for 3 new members @ \$50 each for a total of \$150 or find 3 new members who will pay the \$50, themselves.

You will earn a \$40 instant commission for each one, totaling \$120. Here is the breakdown of how you will receive that \$120 in instant commissions.

The first \$40, received from the first referral, will go into your Infinity Reserve Account. \$10 will be used to pay for your first 7 days in the Infinity Plan, following your enroller. This Reserve Account will be used to cover the weekly \$10 costs of your Infinity Plan subscription, and your first HPL – I. After your first personal referral, your Reserve Account now has a balance of \$30.

The second \$40 commission received from your second referral, will also go into your Infinity Reserve Account, giving you a total in your Reserve Account of \$70. Of this amount, \$50 will be used to pay for the one-time costs of your first HPL – I. Your Reserve Account now has a balance of \$20. At this point, your Infinity Reserve Account will only be used for your weekly Infinity subscriptions.

The third \$40 commission received from your third referral will put \$20 into your Infinity Reserve Account which must always maintain a balance of \$40. And the remaining \$20 will go directly into your Internal Wallet.

What YOU have gained, to this point.

You now have your **first referral** who has made it possible for YOU to go into the Infinity Plan for the first 7 days. You also have **\$30** in your Reserve Account. Your **second referral** has made it possible for you to purchase your first HPL – I for \$50. The \$40 commission received from your second referral will be added to your Reserve Account, giving you a total of \$70 in your Reserve Account. From this \$70, your first HPL – I will be purchased for \$50. This will leave you with \$20 in your Reserve Account. And the \$40 commission from your **third referral** will bring the balance in your Reserve Account back to \$40 with \$20 going into your Reserve Account and the remaining **\$20** going directly into your Internal in your Internal Wallet.

Note: This is taking into consideration that you get your second referral before the end of your first week in the Infinity Plan. Otherwise, your Reserve Account will require more to bring it back up to the \$40 cap. For example, if you acquired your second referral, in your second week in the Infinity Plan, then you would have expended \$20 for two weeks, from your Infinity Reserve Account instead of just \$10 for the first week. So, in this case, \$30 from your third referral commission would be required to top up your Reserve Account to the \$40 cap, leaving you with \$10 to go into your Internal Wallet.

Step 2. Help your 3 new personals get 3 personals, each.

You can help your 3 new personals by paying it forward for their first person and second person, using the **Benefactor's Pool**, if you are able. And while it would be great for them to find or PIF a third person, if you are able to do so, you don't have to wait on them. It is important that you find and work with people who want to be successful, as much as you do, as this strategy is for those who want to share Beyond Infinity with others and make a real difference.

When you PIF the first person for your first personal referral, this will give your personal referral the \$40 commission which goes directly into their Reserve Account. This will also allow your personal to follow you into the Infinity Plan for

4 weeks and you will start earning Coded Commissions. Two more active personals will earn you the **\$25 Reward Deposit** in your personal BIG account.

When you PIF the second person for your first personal referral, this will allow your personal referral to receive their first HPL – I which would pay \$50 into your HPL – I and go directly into your Internal Wallet, after capping off your Reserve Account to \$40, *if needed*. And when your first personal referral finds or receives their third referral, this will put \$20 into their Internal Wallet, given that it is done within their first week of being in the Infinity Plan.

Repeat this process, if able, with your second and third personal referral. This will give you a second \$50 in your HPL – I and the third \$50 HPL – I payment you receive will go to your first upline who has an active HPL – I and will recycle you into a new HPL – I. You are now able to start collecting 3 new \$50 payments all over again, as your downline members begin receiving their HPL – I payments.

What YOU have gained, to this point.

While it may seem as though you are paying out more than you are earning, this is only in the short-term. As you will begin to understand, you will more than make up for it, as you continue. The process of getting 3 personal referrals who also have 3 personal referrals, each, who are active in the Infinity Plan will increase your earnings in Coded Commissions.

You will earn **\$15** in Coded Commissions and **\$3.75** in Infinity Matching Bonuses, per week. With 3 personals earning \$5 each in Coded Commissions, this makes you a Bronze Rank (1 – 4 personals in the Infinity Plan) and you are earning a 25% Matching Bonus on what your personals earn, no matter who they are coded to.

You have also earned **\$150** in your first HPL – I, with **\$100** going directly into your Internal Wallet, and the remaining \$50 purchasing a new HPL – I for you. You also received a **\$25** Reward Deposit in your personal BIG account. Plus, you are earning a **10%** Match on the BIG earnings of your personal referrals.

The calculator image below shows your progress so far. You have 3 personals who have an average of 3 personals each, giving you 2 Generations and a Group Total of 12 members. You have 3 members coded to you, earning you \$15 in

Coded Commissions and \$3.75 in Matching Bonuses at 25% and Potential Infinity Earnings of \$18.75. Since the \$10 for your Infinity subscription is paid from your Reserve Account, **you will earn the full \$18.75 for the next 4 weeks.**

Beyond Infinity Calculator *

Infinity Personals	▽	3	△	3	\$15.00	\$3.75	12
Your Personal's Avg.	▽	3	△	Potential Infinity:		\$18.75/Week	\$975.00/Year

* This calculator is for illustrative purposes only. It is NOT a guarantee or indication of your potential financial success. Use this tool to set, work towards, and achieve your goals!

At this point, your first 3 personal referrals should be starting the process of helping their 3 personal referrals get 3 personals, each, starting with Step 2.

This will give you 3 generations and will increase your Infinity Plan weekly income.

Step 3. Find or P.I.F. 3 new personals and repeat Step 1.

You will earn a \$40 instant commission for each one, totaling \$120. Here is the breakdown of how you will receive that \$120 in instant commissions.

The first \$40, received from the fourth referral, will go into your Infinity Reserve Account, **if needed**. If your Reserve Account is already capped at \$40, then your commission will go directly into your Internal Wallet. The same with the second and third \$40 commissions. The Reserve Account will always be filled first.

When you repeat Step 2 with your 3 new personals, they will qualify for the Infinity Plan and the HPL – I. Now, with a total of 6 active members in the Infinity Plan, you are now a Silver Rank and will earn a 50% Matching Bonus on the earnings of your personals in the Infinity Plan.

As those on your second generation begin to get their 3 personals, each, your second generation will begin to follow your personals (1st Generation) into the Infinity Plan and will give you **3 generations in the infinity Plan**. Your third

generation will also cause your second generation to pay into the HPL – I of your first generation, pushing your first generation to pay into your HPL – I again.

What YOU have gained, to this point.

This is a steppingstone to increasing your Coded Commissions and Matching Bonuses in the Infinity Plan. The process of having 6 personal referrals who are active in the Infinity Plan will increase your earnings in Coded Commissions. You will earn **\$140** in Coded Commissions and **\$45** in Infinity Matching Bonuses, per week for a Potential Infinity Earnings of **\$185** per week.

With 6 personals earning \$5 each in Coded Commissions, this makes you a Silver Rank (5 – 9 personals in the Infinity Plan) and you are earning a 50% Matching Bonus on what your personals earn, no matter who they are coded to.

You have also earned **\$150** in your **second** HPL – I, with **\$100** going directly into your Internal Wallet, after bringing your Reserve Account back up to \$40, **if needed.**

Step 4. Find or P.I.F. 4 new personals and repeat Step 1.

You will earn a \$40 instant commission for each one, totaling \$160. Here is the breakdown of how you will receive that \$160 in instant commissions.

All income, over and above your \$40 Reserve Account cap will go directly into your Internal Wallet.

With 10 personal referrals, you are now a Gold Rank member, earning a 100% Matching bonus on the Infinity earnings of your personals. The Rank badges are in real time and only account for your personals who are active in the Infinity Plan. Therefore, if you go below 10 active members in the Infinity Plan, your Rank will also change accordingly.

At this point, I hope that you are understanding the basics of what it takes to earn a particular amount from the Infinity Plan and if you and your team keep going, you can be earning much more than what is presented here. And remember, the calculator image does not include your HPL income or your BIG account income. In fact, at this point, you could probably be receiving from your HPL – I, HPL – II, and your HPL – III, all at the same time.

If every person followed the first 4 steps given above, your generations would continue to go deeper in the Infinity Plan, almost doubling your income with each additional generation. Therefore, I am going to show you the different scenarios from the Infinity Calculator to show how much you can earn with each generation completing the 4 steps.

Once your personals begin Step 3, they too will have 6 personal referrals. This will earn you **\$140** in Coded Commissions and **\$180** in Matching Bonuses. Potential Infinity Earnings of **\$320** per week since the \$10 weekly subscription has already been paid from your Reserve Account.

When you have 6 personals (1st Generation) and your second generation also has 6 personals, it is time for your 3rd generation to begin with Step 3, getting 6 personals. Since the calculator only allows you to enter numbers in your first and second generations, it assumes that each generation follows the same pattern. Therefore, we would increase the generations.

Below, you will see what having 6 personals for **4 generations** can potentially earn for you, per week.

Beyond Infinity Calculator *

Continuing along until you have at least 10 personals, here is what your potential earnings could be, with all other factors remaining the same. **Here is where you would begin to earn \$2,000 Potential Infinity Income, per week.**

Beyond Infinity Calculator *

And when you and your first 5 generations have 10 personals active in the Infinity Plan, your Potential Infinity income can be **\$7,240 per week!**

And again, this does not include any income you are earning from your HPLs or your Matching Bonuses in the BIG Platform.

Remember, in order for a member to be considered **Active** in the Infinity Plan, they must have **at least 1 personal referral**. However, the \$40 commission earned from that first personal referral will only keep them active in the Infinity Plan for the next 4 weeks (28 days). Therefore, whether they get their own second and third personal referrals or you PIF for them from the Benefactor's Pool, you will want to do this before the 28 days run out on their Infinity subscriptions.

UPDATE: The Benefactor's Pool

With the adding of the Benefactor's Pool, creating an organization that pays is easier to do. In order to get to the point where you are generating Infinity Plan income, on autopilot, you may need to sacrifice withdrawing in the earlier phases and instead use those funds to purchase PIFs from the Benefactor's Pool. As mentioned earlier, while you are paying out more, in the beginning, if you stay the course, you will receive it all back and much more!

Bonus Strategy using the Benefactor's Pool

Step 1. PIF 3 personals from the Benefactor's Pool

This will cost \$150 to PIF 3 personals and will earn you \$120. Those earnings will purchase your first HPL – I and will pay for the first 4 weeks of your Infinity Plan subscription. You will also earn a 10% Match on their BIG earnings in your own personal BIG account.

Step 2. Purchase a PIF for your first 3 personal referrals

This will cost \$150 and while your first 3 personals will receive the \$40 commissions, this will make them **Active** in the Infinity Plan following you. This gives you your first 3 Active Infinity Plan members and earns you the **\$25** Reward Deposit into your BIG account, giving you over **\$200,000** in the first 6 years in your BIG Balance. **This \$25 deposit makes a BIG difference!**

Step 3. Purchase a Second PIF for your first 3 personals – One At A Time

This will cost \$50 for the first PIF. This will also provide your first personal referral with the \$40 commission and will purchase their first HPL - I. This will put **\$50** back into your Wallet. Note: They must have at least \$10 in their Reserve Wallet to be added to the \$40 commission they will receive to purchase their HPL - I.

Use that same \$50 to purchase a second PIF for your second personal referral. Again, you will end up with \$50 in your Internal Wallet because of their HPL – I purchase. And finally, use that same \$50 to purchase a second PIF for your third personal referral. **This \$50 will go to your first HPL – I qualified upline which will usually be your sponsor and will buy you a new HPL – I to start over again.**

Step 4. Purchase a PIF for the first person on your Second Generation

Depending on what is in your Internal Wallet, you may have enough to purchase a PIF for the first person on your second generation, under your first personal referral, using your Internal Wallet as the payment method. This will give your first personal referral an Active follower in the Infinity Plan, and they will begin to earn Infinity Plan commissions and you will earn a Matching Bonus.

This should give you enough of a pattern to follow in order to start generating your Infinity Plan income. And as mentioned earlier, there is no one right way of doing this. You may come up with other ideas as you are going through this process. Just remember, the more generations you have, (deeper not wider) the more your Infinity Plan income will be.
