YOUR NAME. YOUR ROTATION. YOUR INCOME.

Here's how the rotation works:

PROMOTE YOUR KIT IN SLOT A TO KEEP ROTATING

Once you begin referring new members on your 1st and 2nd levels, your system expands infinitely wide, creating a continuous funding source you can use for any project, goal, or personal need. You may refer unlimited members at every level. Each new member is required to fund Slots A through E and select the system they want to begin with:

System #1: \$100 (with a \$20 contribution) System #2: \$200 (with a \$40 contribution)

System #3: \$300 (with a \$60 contribution) System #4: \$400 (with an \$80 contribution)

System #5: \$500 (with a \$100 contribution)

After all five members have been funded, the new member must send verification to ADMIN by email or phone. Verification includes:

Screenshots of all 5 payments (online processors or stamped envelopes)

Name

Address

Email

Phone Two payment IDs

Once verified, their personal system is built. Their name is placed in Slot A on their kit, and your name moves to Slot B on their kit. They become part of your mailing team.

Every time they sign up a donor who funds their system, YOU BOTH receive 100% dollar-for-dollar funding on your Level 1.

When your Level 1 referral signs up their first referral, that new donor falls on your Level 2. When they donate, you receive another 100% match bonus and gain another member promoting and mailing for you. This is where true leverage and passive income begin.

This system rewards those who participate and help others, creating long-term funding opportunities for many years to come.

Choose your system and get started today. By helping others, you help yourself — building a stronger, more secure tomorrow.
