Membership Levels: Rules and Processes

- **Upgrading and Downgrading:** You can upgrade or downgrade your membership anytime. A new billing period starts immediately, and your lead allocation resets based on the new level. Leads already assigned will be prorated. Only one membership level can be active at a time. The Assurance Plan is prorated when you upgrade.
- **Special Offers:** The First Month Sign-Up Special is available only once when upgrading from Free Member to a paid level.
- **Payment Failure:** If a payment fails, you'll be notified to update your information. After a 2-day grace period, your account will downgrade to Free Member. You will keep your current leads and genealogy, but commissions earned while at the Free level will be forfeited and lead assignments will stop until payment is updated.

ADVERTISING CO-OP TEAM BUILDING PACKAGES:

Our Advertising Co-op Team Building Packages are designed to **supercharge your team growth** with precision-targeted paid advertising across major platforms like Google, Facebook, Instagram, TikTok, Bing, Taboola, and more. By pooling resources, we amplify our purchasing power, ensuring your business reaches the right audience. We may add additional leads if necessary in order to achieve our targeted results! We are dedicated to your success.

How It Works:

Clicks transform into funnel takers—highly interested leads who opt to test drive our system for free. Many of these leads convert into paid members directly within the funnel. Regardless of their choice, all leads are guided into a live Zoom room, where our expert Prosperity Consultants provide one-on-one onboarding. During these sessions, new members are often signed up for multiple income streams, upgraded memberships, and additional ad co-op packages. It is Very Important to be MSI Certified; otherwise you could miss out on that entire leg of your organization if they sign up on your sponsor's link. Also it is important to be an active affiliate or you may miss out on commissions.

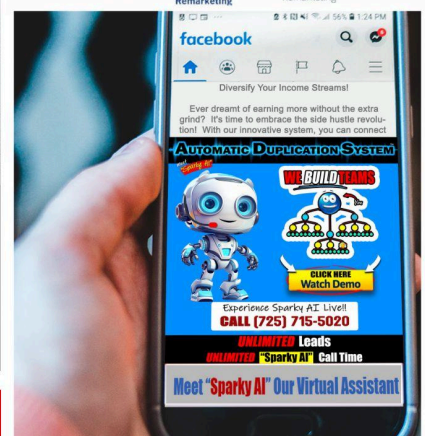

Package Benefits:

- Each package includes a guaranteed number of direct sign-ups and paid affiliate team members, ensuring your investment delivers results. Packages stay active until all assigned members are fulfilled.
- The focus is on comprehensive team building, leveraging all income streams integrated into our downline builder and supporting the two companies you currently promote or plan to promote.
- All dedicated funds from ad packages are pooled to maximize ad reach and efficiency.

Why Choose Our Co-op Packages:

- **Sparky AI:** At the heart of our system is Sparky AI, a powerful, out-of-the-box personal AI assistant that helps network and affiliate marketers source and follow up with leads, transforming them into active team members. No setup required!
- **Financing Options:** We offer several financing options for Class 1 packages with instant approval and **NO CREDIT CHECK**—a soft pull only, so applying won't impact your credit score. *If you do not qualify for a level, we recommend applying for the next level down until you get approved. They may offer you more credit after the initial approval.*
- **Bonus Pools & Bulk Discounts:** As package levels increase, so do the added benefits—including access to bonus pools and escalating bulk discount values that provide more sign-ups and team members per dollar spent.

These are one-time purchases, choose the package that fits your growth goals and watch your team expand with precision and speed! If you combine packages to get to the higher level, the number of your direct sign-ups will be set at the current title your pack is at until you get to the next level. When Purchasing double big packages Example, 2 Platinums would receive a total of 25 Directs but receives Double total team members than what 1 Platinum would receive.

LEAD TYPES:

Advertising Co-op Team Building Paid Advertising Leads (Type 1 Lead)

Our Advertising Co-op Leads are sourced through professionally managed, high-converting paid campaigns across top platforms like Facebook, Instagram, YouTube, Google, TikTok, and more. These U.S.-based leads enable Sparky AI to seamlessly engage prospects via phone and SMS without international restrictions, ensuring maximum compliance and effectiveness. By utilizing our unique ad-pack financing model available exclusively to U.S. team members, you and your new members created from these campaigns can easily scale advertising, optimizing commissions and dramatically accelerating team growth. Team Sparky AI and the ADS platforms proven one-level affiliate model have cracked the code to generating high-quality, compliant leads that significantly enhance your team's growth and increase your overall commissions.

- These are **only one** of the premium lead types that will exclusively fuel the Advertising Co-op Team Building Packages
- Available exclusively through our Ad Co-op Packages.

Phone Verified Leads (Type 2 Lead)

MSI Verified Leads: Professionally generated, phone-confirmed leads who have expressed interest in home-based business opportunities, double-verified for accuracy, and ready to be contacted; each prospect agrees to receive network and affiliate marketing offers, and is strategically introduced to the Automatic Duplication System (ADS) through automated, plug-and-play Sparky AI technology designed to help them grow their current business & effortlessly connect to our multiple streams of income.

- **These are the leads that will exclusively fuel our paid memberships**
- Available coming soon ala carte to purchase on demand to add even more rocket fuel to your team build

Real Time Phone Interviewed Leads (Type 2 Lead)

MSI Phone Interviewed and Verified Leads: These premium leads are generated in real-time through live phone interviews, confirming prospects who are actively seeking home-based business opportunities, have \$200–\$1000 available to invest, are clear that this is a business opportunity and not a job, and explicitly agree to be contacted by network and affiliate marketing companies. After initial verification, their contact details are double-verified through advanced scrubbing software, ensuring accuracy. They are then assigned immediately in REAL TIME to you and Sparky AI immediately engages these leads, seamlessly introducing them to your customized Automatic Duplication System (ADS) while highlighting the plug-and-play ease of building multiple income streams.

- **These are only one of the premium lead types that will exclusively fuel the Advertising Co-op Team Building Packages**
- Available coming soon ala carte to purchase on demand to add even more rocket fuel to your team build

Job Board Sourced Closer Leads (Type 3 Lead)

These premium "Closer Leads" come from targeted job board campaigns recruiting sales professionals and onboarding specialists for remote, commission-only positions utilizing Sparky AI technology. Ads highlight flexible schedules and company-provided appointments, attracting qualified applicants eager for outbound calling roles, including partnerships in solar and other income Streams.

Leads remain compliant, with contact information released only upon becoming active, paid members. Prospects undergo automated and live training designed to naturally convert them into active closers. Each closer receives a free initial account, often voluntarily upgrading. They earn "Sparky Dollars" and cash incentives for converting leads, fueling team growth.

You earn direct commissions when closers upgrade with personal funds. Purchases using Sparky Dollars don't trigger immediate commissions but accelerate team growth, enhancing long-term profitability.

Self Generated Leads (Type 4 Lead)

These are leads captured directly through your personal funnel links, shared via custom tracking campaigns created from your dashboard. Sources include Craigslist, banner ads, email marketing, social media posts, YouTube, text messaging, blogs, and printed materials. They typically offer the highest conversion rates, especially within your sphere of influence, and receive immediate follow-up by Sparky AI and our expert call center team.

LEAD LIFECYCLE IN THE AUTOMATIC DUPLICATION SYSTEM

The Automatic Duplication System (ADS) utilizes three distinct types of leads, each with tailored engagement strategies designed to maximize conversion and team growth.

Type 1 & 4 Leads: Funnel-Generated Leads

Type 1 & 4 leads enter through your custom funnel when they actively request a "Free Trial" of the ADS after reviewing detailed landing pages and videos. Upon submission of their details, these leads are immediately presented with an upsell offer—a discounted Pro Membership at \$50 for the first month (normally \$100) including 150 bonus leads instead of the usual 100. If they accept, they are then offered another upsell offer to become an Elite member for \$150 more for an additional 750 leads in month one, and a total of 500 leads monthly for \$250 or \$200 per month if MSI Certified. If they accept or not they become active paid members and are guided into onboarding with our live call center consultants, who assist them in configuring multiple streams of income, exploring additional products, upgraded memberships, and advertising co-op Packages.

If the Type 1 & 4 lead declines the Pro Membership, they receive a downsell to the Plus Membership at a discounted rate of \$20 (normally \$50) again receiving 150 leads instead of the usual 25. Regardless of whether they upgrade at this stage, all leads proceed to onboarding and then create their login credentials to become "unpaid members" if no upgrade occurs during onboarding.

Follow-up & Sparky AI for Type 1 & 4 Leads

Immediately after entering their details, Sparky AI initiates rapid, persistent follow-up (within 15 minutes) employing calls, text messages, emails, ringless voicemail drops, and targeted social media retargeting ads. The primary goal is to ensure prospects log into their ADS dashboard and attend an onboarding session. Once logged in as unpaid members, follow-up shifts slightly to emphasize onboarding sessions, participation in team Zoom calls, and engagement with the on-demand webinar series. Our live call center specialists also actively engage leads through outbound and inbound interactions via phone, SMS, WhatsApp, and email, further optimizing conversions.

Type 2 Leads: Third-Party Sourced Leads

Type 2 leads originate from third-party, highly targeted, permission-based sources expressing interest in home-based business opportunities but who have not yet experienced our ADS funnel. **Sparky AI deploys immediate follow-up to introduce these prospects to your custom ADS funnel link**, using similar extensive outreach methods—calls, emails, SMS, social media retargeting, and ringless voicemail drops.

Once these prospects engage with your funnel by opting into the free trial, they transition to Type 1 leads, following the established nurturing sequence outlined above. Type 2 leads are double opt-in verified, carefully scrubbed for accuracy, and confirmed safe and compliant for marketing activities.

Type 3 Leads: Job Board Closer Leads

Type 3 leads are generated through targeted job board advertising, recruiting individuals interested in commission-only, work-from-home positions as sales professionals or onboarding specialists for our virtual call center. After applying, these leads receive immediate automated follow-up through email and SMS, directing them to an orientation series of videos and on-demand webinars. From there, they progress seamlessly through automated training, onboarding, and ultimately, live shadowing sessions within our call center Zoom environment.

During onboarding, Type 3 leads create their ADS login credentials, receiving a complimentary account and access to multiple income streams, which they will later promote during their assigned appointments. Although their direct contact information is initially withheld to maintain job board compliance, upon joining the call center, these leads often upgrade on their own to paid memberships, driven by incentives such as cash bonuses and Sparky Dollars earned through successful onboarding and selling. Their activity significantly boosts your team's growth, and direct commissions are generated whenever they upgrade using cash.

Lead Management and CRM:

All leads generated are automatically managed and followed up through Sparky AI, automated drip sequences, and a professional call center. Every member also has a full CRM tool in their dashboard to score, track, and make notes from their own follow-up efforts. Leads are compliant, typically double-opt-in, and available for download anytime as a .csv file through the built-in CRM.

Automatic Duplication System (ADS) Compensation Plan

The ADS platform provides a straightforward, compliant, single-tier affiliate compensation structure, offering substantial earning opportunities through memberships, monthly products, and Ad Co-op Team Building Packages.

Affiliate Commissions

- Memberships & Monthly Products:
 - Earn 25% residual commission monthly on all memberships and recurring product fees from your directly referred (Tier 1) affiliates.
- Ad Co-op Team Building Packages:
 - Earn 25% 1x commission on Copper - Platinum package purchases from your directly referred (Tier 1) affiliates.
 - Earn 15% 1x commission on Diamond - Executive package purchases from your directly referred (Tier 1) affiliates.

Affiliate Commissions Breakdown:

Product Type	Packages Included	Commission Type	Commission Percentage
Memberships & Monthly Products	All Membership Levels	Residual	25%
Ad Co-op Packages (Class 1)	Bronze through Platinum	One-time	25%
Ad Co-op Packages (Class 2)	Ruby through Executive	One-time	15%

Bonus Pools

ADS rewards affiliates who actively engage in team building through Ad Co-op packages by sharing a percentage of the company's total membership revenue.

Bonus Pool Qualification Table:

Pool Tier	Required Ad Pack	Downline Members	Line Max	Revenue Share	Increased Share
Gold	Gold or above	2,500	50%	1%	2% if at least 1,250 from self-generated leg
Platinum	Platinum or above	5,000	50%	1%	2% if at least 2,500 from self-generated leg
Ruby	Ruby or above	15,000	35%	1%	2% if at least 7,500 from self-generated leg
Diamond	Diamond or above	25,000	35%	2%	4% if at least 12,500 from self-generated leg(s)
Executive	Executive	100,000	35%	2%	4% if at least 50,000 from self-generated leg(s)

Pool Adjustments:

- Affiliates automatically advance to higher bonus pools upon meeting qualifications.
- Affiliates are adjusted downward if qualifications are no longer met.
- Your Bonus Pool Tier Qualification **becomes permanent** when you purchase an Ad Pack associated with a bonus pool—meaning your qualification remains active even after the Ad Pack is fulfilled.
- PHG reserves the right to adjust the pools in order to benefit the affiliate leaders in the company.

Commission Payments

- Eligibility: All paid members (including Plus membership and above) automatically qualify for commissions without additional requirements.
- Real-Time Tracking: Commissions are tracked in real-time and accessible from your wallet within the ADS dashboard.
- *If a refund is issued then Commissions may be subject to adjustments.*

Withdrawal Schedule:

- Payments processed monthly on the 15th. Withdrawal requests must be submitted by midnight EST on the 14th.

Payment Options

- Found App (U.S. Only): ACH, debit card transfers, PayPal, or Cash App.
- C-wallet (International): Cryptocurrency via BTC or USDT.
- WISE App (International): Bank transfers and WISE debit card where available.
- *We recommend registering for more than one payment option.*

Using Commissions

- Commissions may be used directly within the ADS dashboard for products, services, and membership fees.
- Membership fees automatically deduct from your available commission balance. If insufficient funds are available, your credit card on file will be charged.
- Withdrawals below \$100 incur a \$5 fee. The system ensures your commission balance always retains enough funds to cover your current subscription.

Compliance & Additional Income

- Single-tier structure maintains compliance with merchant accounts, social media advertising guidelines, and regulatory bodies.
- Affiliates benefit from additional integrated income streams managed independently. Management services available through Prosperity Concierge team or select Ad Co-op packages.

Disclaimer: The ADS Compensation Plan terms are subject to updates and are current as of the date of this document.

Multiple Streams of Income (MSI)

MSI consists of four key categories:

1. **ADS Affiliate Commissions:** Earnings from products and services.
2. **Advertising Co-op Packages:** Team-building opportunities including bonus pools and profit-sharing.
3. **Connected Companies:** Two optional companies members link via their dashboard ("My Profile" under "My Account").
4. **Core Integrated Companies:** Pre-integrated companies strategically promoted through Sparky AI, onboarding specialists, webinars, and direct incentives. Members are encouraged to join these companies, with fees offset against their ADS membership. As of April 14, 2025, six core companies are integrated, with more coming soon. Members can join or input existing usernames under "Income Streams."

MSI Certified: Members verified as active in all **CORE MSI** integrated companies.

Self-Generated Lead Marketing Support Tools

While our system automatically sources leads and manages follow-ups, every member—including those with FREE memberships—also gains access to powerful self-generated lead sourcing tools. By actively using these tools, you can leverage the full capabilities of the system, accelerating team growth and enhancing your success. Our platform effectively addresses common industry challenges such as recruitment, duplication, retention, managing multiple income streams through a single engagement, cost-effective entry points, comprehensive training, and a supportive community.

"Done-for-You" marketing funnels

Strategically designed to simplify and enhance your lead generation and team-building efforts. From your ADS member dashboard, you'll have immediate access to several custom landing pages and one primary multi-step funnel—each embedded with your personalized affiliate link.

The primary funnel guides your prospects through an engaging customer journey, sparking interest in our ADS system by demonstrating how it effortlessly builds their team within their current businesses and additional pre-integrated opportunities. Utilizing Sparky AI, the system automates lead sourcing, follow-up, detailed explanations, onboarding, training, and team Duplication.

Here's how it works:

- **Type 1 Lead Creation:** Prospects initially sign up for a FREE membership, generating an "unpaid member" status in your genealogy.
- **Pro Membership Upsell:** Immediately following sign-up, prospects are offered an attractive 50%-off Pro membership upgrade for the first month, including bonus leads.
 - If accepted, they're seamlessly directed through payment and then presented with an additional Elite membership upsell.
 - If declined, they receive a downsell offer for the Plus membership at a discounted rate, still benefiting from increased leads.

All paths conclude on a customized thank-you page providing login details and prompting immediate engagement with a Prosperity Onboarding Specialist through live Zoom calls. Specialists assist new members in dashboard setup, integration with current and core companies, and maximizing earnings potential. Further, they're introduced to our robust Advertising Co-op, significantly enhancing conversion rates and ensuring motivated, active team growth.

Additional targeted landing pages on your dashboard support effective follow-up, leveraging persuasive videos and easy access for Type 1 leads to activate their accounts, becoming active, contributing team members.
